

Give your students a roadmap to success!

Help your students map a better college fair experience by registering for a GoToCollegeFairs barcode...

- It's quick and easy and colleges get legible, secure student information!
- It saves time at the fair allowing students to visit more college tables and spend more time chatting with admissions reps!
- When registering, students select college attributes they find attractive and college matches are sent to them via email, along with a list of helpful questions to ask at the fair!
